

Our Inspiration

“My playing this game that I love could have been cut short if it hadn’t been for my yearly prostate screening! My prostate cancer was detected in the Fall of 2006 during my regular yearly physical. I was very fortunate in the fact that one of the top five prostate cancer surgery teams were able to perform a Robotic Radical Prostatectomy in April of 2007. Even though my cancer had been able to spread outside of my prostate, they were able to remove it all. I owe my life to three things, (1) having a yearly physical, (2) the skill of Dr. Tully and his team at St. Vincent Hospital and (3) the grace of my Lord, Jesus Christ”.

Why Mankind?

Our mission is to support Texas families effected by men's health issues and to raise awareness about the need for yearly exams.

All too often, men ignore warning signs and symptoms until it is too late. Early diagnosis is the key to effective treatment and recovery from men's health threats. Mankind leverages direct financial aid to those who can most benefit from the relief of medical bills, lost wages, food, and shelter. Even if a man has insurance, there are still copays, deductibles, and lost wages that put a burden on the family. Mankind does not want these burdens to be a deterrent in getting treatment and being a role model for your family. Please see your doctor yearly.

Sponsorship Packages

Your support of this tournament will bring relevance of education and reinforce the true value of receiving yearly exams. Please make this worthwhile investment, and in return, we promise to provide a remarkable round of golf combined with even more remarkable opportunities to help cancer survivors lead normal lives.

There are limited spaces available for this golf event, so please don't delay. Register online at www.foremankind.org
