

Our Inspiration

“My playing this game that I love could have been cut short if it hadn’t been for my yearly prostate screening! My prostate cancer was detected in the Fall of 2006 during my regular yearly physical. I was very fortunate in the fact that one of the top five prostate cancer surgery teams were able to perform a Robotic Radical Prostatectomy in April of 2007. Even though my cancer had been able to spread outside of my prostate, they were able to remove it all. I owe my life to three things, (1) having a yearly physical, (2) the skill of Dr. Tully and his team at St. Vincent Hospital and (3) the grace of my Lord, Jesus Christ”.

- Ben Pettit, Prostate Cancer Survivor
